Social skills and competences

My persistent and full-time engagement during these eight years of work and engagement has been in the civil society sector, focus mainly on the primary health issues, community engagement, capacity building, advocacy and lobbying, affecting the life of the community, such as Sexual and Reproductive Health, mental health, youth health, infection disease, quality assurance on the health sector, but also human rights and dignity, gender equality, volunteering, youth peace and security, election education, etc.

My work experience has been professionally richer thanks to the position held on United Nation Population Fund as Focal Point in Charge for Y-PEER Network, and later I have established one of two youth network and I was appointed as Executive Director. I am engaged as youth expert at National, International and Global Level which help me to sharpen my skills and knowledge. I have worked with Public Institutions to design national and local strategies which are approved and are now implemented by public services like National Cervical Cancer Preventing Strategy; National Action Plan for Elderly People; Tirana Youth Action Plan, etc.

My recent works in health research, such as the two-year National Study on "Knowledge, Behaviours and Attitudes of the Urban Women Population on Breast Cancer in 16 Cities of Albania". This topic has been the winning theme of the National Medical Conference among young health Researchers, organised by the University of Medicine, Tirana, the Ministry of Health and the Ministry of Education and Sports, April 2014. Also, in January 2014, at the First National Medical Conference organised by the University of Medicine, Tirana, the Ministry of Health and the Ministry of Education and Sports, I was lector with my research about "problem-based learning in the field of Public Health." Other research project is "Youth health during the period of physical isolation caused by covid19"; Partnership for healthier communities; First results from the implementation of the Cervical Cancer Screening Program in Albania

Organisation Skills and competences

The positions held over the past eight years as a Executive Director, program manager/program assist, leading a youth network, and coordinator has helped me sharpen my organisational, leadership and communication skills at all levels. I have gained strong skills in volunteer management, community outreach. Collaboration with the Institutions at the Central and Local levels and the International Institutions has helped me gain more organisational skills. Working as a Project Manager and Project Assistant has helped me to gain managerial skills, further, but manageable, community-based, policymaking, and decision-making skills. I have

IT skills and competences

Good skills in Microsoft Office 2019, Internet Explorer, IBM SPSS 24, Photoshop

Other skills and competences

Other skills gained during the studies, the experience as volunteers and employees are excellent communication skills, working under pressure, confidence, sustainability in work processes, very good writing skills, critical analysis, management skills, and ability to make difficult situations.
